Mastercam Demo Installation Software

Install it onto your computer so you can practice and work in Mastercam. **Please note**; Mastercam Demo Software is a full working copy of Mastercam, however it will NOT allow you to create NC code.

Installation Instructions for Mastercam Demo Software

1. Insert the CD/DVD into the CD/DVD ROM of your computer
2. The Training Videos menu may automatically open, you can close this
3. Open (double click) the My Computer icon on your desktop
4. Open (double click) the CD/DVD ROM
5. Open (double click) the Mastercam X5 Demo Software Installation folder
6. Double click on Setup.exe
7. Follow the installation wizard for Mastercam Demo Software Installation
